

## Reed and Willow Furniture

OF THE BETTER-MADE KIND

We are showing in our windows to-day the prettiest Reed Furniture finished in Antique Mahogany that ever came into Barre. We want you to make an effort to see this, for we think you will say that we are all right in making this statement. Antique Mahogany on Reed is the last word in finish, and with the very heavy cretonne with which these pieces are upholstered, makes them as durable as the more expensive leather and tapestry.

A five-piece Suite, including a Divan, Rocker, Chair, Stand, and Foot Rest, makes a desirable furnishing for your best room, and are here shown. Call and see them.

He was formerly attached to the merchant ship, U. S. S. Beukelsdijk, but this boat has been returned to its former owners, Holland. He expects to receive his discharge very soon and resume his occupation in Springfield, Mass.

### Barre's District Nurse.

Attention is hereby called to the district nurse work in this city, that all may understand the benefits that may accrue from the same. Miss Gwendolyn Pitkin, employed by the Barre Woman's club for that purpose, is available for long or short periods by those needing her services. She makes half-hour visits for 25c and hour visits for 50c, so that patients may have the benefit of expert care each day for the length of time they desire. The Woman's club is not so much seeking the remuneration that would accrue from Miss Pitkin's employment as that she be kept busy.

Anyone connected with the Metropolitan Industrial Insurance company is entitled to her attention whenever necessary, the company making the necessary provision, and others may benefit greatly from her care at the small charge made. The benefits received from the ministrations of a district nurse are all the time being realized by new communities and Barre is at liberty to use the privilege more than it has heretofore.

James Moran went to Montreal Sunday to get treatment for his eyes.

Safe Home Treatment for Objectionable Hairs (Boudoir Secrets)

The electric needle is not required for the removal of hair or fuzz, for with the use of plain delatone the most stubborn growth can be quickly banished. A paste is made with water and a little of the powder, then spread over the hairy surface. In about two minutes it is rubbed off and the skin washed. This simple treatment not only removes the hair, but leaves the skin free from blemish. Be sure you get genuine delatone.—Adv.
